## TERMS AND CONDITIONS

### Pricing

1. Order minimum \$65 + Delivery
2. Material sheet fee covers material, file set-up and laser cutting time costs
3. All orders require full payment over the phone or instore in order to proceed with your laser cut request.

### Additional Charges

1. Particularly complicated or busy files will incur an additional fee (i.e. excessive vectors or engraving)

### Production & Outcome

1. Designs are cut exactly how it appears in your file provided.
2. At World of Print we do our best to do a general check over your files for cut, score and engraving compatibility. However we hold no responsibility if your design does not cut well, shapes to do fit together or any other issues arising from how you have created your design. Please double check and ensure that you have set-up your file correctly before ordering your job - as these are design decisions and should be considered as you plan your laser cut project.
3. It is recommended that you order a sample first if you are unsure of the outcome. We are not responsible if you are not content with the outcome if the issues are subjective and a direct result of our standard laser cutting procedures.
4. Detailed laser cuts are prone to being fragile and we take no responsibility for cracks or issues arising
5. Burns marks can appear on cardboard laser cut material.
6. Corrugated card does not engrave well, scoring can cut away the thin outer layer. Cuts nicely with minimal burn marks

### Time-frames

1. Operation times are within Monday to Friday 9.30am till 4.30pm
2. We do not edit or amend files that are supplied to us. Please ensure your file is set-up correctly. Files set up incorrectly may result in your job being delayed, extra charges or being put on hold.

### Agreement

By placing an order with World of Print you understand and agree upon our policies stated. Please contact us prior to placing any orders if you do not agree with any policy stated. World of Print has the right to refuse job orders.

World of Print has a 0% tolerance policy regarding artwork for laser cutting, scoring and engraving. As a designer it is your responsibility to provide the appropriate artwork, researched and created correctly. We take no responsibility for issues resulting from artwork you have created or as listed above and we do not provide editing services or assist in artwork creation.
